

## WHAT'S NEW ON THE BRIDGE KNOWLEDGE HUB THIS MONTH?

**School Leadership.....pg.2**

**ECD.....pg.3**

**Learner Support.....pg.4**

## School Leadership

## Dialogues

### [Principals Upfront 20170517](#)

The Principals Upfront Dialogue of 17th May 2017 focussed on effective ICT use in schools. Panellists shared their experiences of implementing and using ICT for instructional and administrative purposes, and provided insight into some of the challenges and the enabling conditions for successful implementation.

## Meeting Highlights

### [WC Joint CoP Meeting Highlights 20170403](#)

Meeting highlights of the first joint meeting held in the Western Cape

ECD

## Tools and resources

### [PIECCE Brochure](#)

PIECCE (Project for Inclusive Early Childhood Care and Education) will result in new educator programmes for ECD practitioners. In an effort to contribute to the professionalisation of the sector by increasing access to training, a consortium of ten universities, four NGOs, and two TVET colleges are working collaboratively to develop Standardised Programme Frameworks for the ECCE Diploma and BEd at level six and seven.

### [Play-based eLearning Course Presentation](#)

At the National ECD CoP meeting on 24 May 2017, Ayanda Sithole who is Project Manager for Power of Play based at Cotlands, shared an overview of the newly developed Play-based eLearning Course. Open this presentation to find out more.

### [ECD CoP Proposal for Action Plan for 2017 and beyond](#)

This presentation outlines the ECD CoP's proposal for action which was a result of discussions within the ECD CoP where members explored the nature, purpose and future of the ECD CoP. The proposal focuses on the areas that the CoP would like to strengthen which includes communications, partnerships and the CoP's identity.

## Learner Support

## Presentations

### [Enrich your data collection! Participatory methodologies](#)

In this presentation, Ayna Wyatt of Genesis Analytics shared participatory monitoring & evaluation methods and tools that engage people in visual and active ways while providing reliable data on concerns and beliefs, and practices.
